Anthony Clark
2055 Bacon Street #14
San Diego, CA 92107

Dear Sir or Madam:

I am excited to submit my application for the Software Engineer position at your company. As a December 2019 graduate of San Diego State University, I earned my Bachelor of Science degree in Management Information Systems. I am passionate about pursuing a full-time position in the Software Technology field, where I can contribute to the success of a dynamic company and further develop my skills.

Throughout my professional experience, I have gained valuable knowledge in various industries. At Covance, a division of LabCorp, in San Diego, CA, I honed my skills as a team player by contributing to different stages of the Web Development life cycle. My background in customer relations has provided me with a deep understanding of clients' needs and expectations. Some highlights of my experience include:

- As a Web Developer, I designed and implemented clinical trials using HTML/CSS, JavaScript, Android, and iOS technologies, ensuring a thorough understanding of client requirements.
- I invite you to review my personal webpage, which showcases my web development skills: https://anthonyclark1996.com
- I am well-versed in all aspects of cryptocurrency and stay up-to-date with market trends.
- With an entrepreneurial mindset, I continually explore new ideas and innovate within my field.

During my college years, I demonstrated adaptability and perseverance by moving across the country and successfully building a strong academic record and network from scratch. As a recent graduate, I have experience in developing business plans, managing company operations, utilizing applications for increased efficiency, and automating standard procedures.

I am eager to expand my skill set and contribute to your company's success. If my background aligns with your requirements, please contact me at 732-962-3405 or tonyclark1996@gmail.com on any weekday. Thank you for considering my application.

Sincerely,

Anthony Clark

Anthony Jude Clark
